Endless views and a convenient location close to town — let us introduce you to Aspen Ridge. Perched in Fernhill, one of Queenstown's most sought-after pockets, this four bedroom, three bathroom retreat pairs elevated lake and mountain views with a five minute drive into central Queenstown.

Step through the gate and you're in your own private world: a lake view spa pool, outdoor shower, infrared sauna and outdoor fireplace, all within easy walking distance of Fernhill's Nest Restaurant.

Inside, the upper level unfolds under high ceilings and skylights, with a wrap-around outlook onto the open-plan living space where Lake Wakatipu and The Remarkables sit framed like a permanent backdrop. At the centre is a well-equipped entertainer's kitchen, the heart of the home. On either side, two separate lounge areas each have their own gas fireplace, one adjoining a bar nook, giving everyone room to spread out on a family holiday.
