5 Bedrooms

5 Bathrooms

10 Guests

Set just five minutes from central Queenstown and a leisurely 25-minute walk to the waterfront, Bellbrae is a five-bedroom, five-bathroom villa with breathtaking views of Lake Wakatipu, Cecil Peak and The Remarkables. Spread across three levels, the home is designed for groups who want space without compromise, two generous living areas, an open fireplace, a modern kitchen with butler's pantry, and expansive decking with BBQ and outdoor dining that makes the most of those classic Queenstown panoramas.

When the day calls for staying in, a private spa pool, indoor sauna and games room with pool table keep guests more than entertained. And when it does not, hiking and biking trails, the ski fields and the best of Queenstown's cafes and restaurants are all virtually on the doorstep.
