Fernlea Queenstown

30 Panorama Tce, Queenstown

4 Bedrooms | 2 Bathrooms | 8 Guests

Spanning two thoughtfully designed levels, this four-bedroom Queenstown villa makes the most of its dramatic lake views from top to bottom. The upper floor is a generous open-plan living and dining space with high ceilings, a modern kitchen with island bar seating and a cosy lounge area at one end, all flowing out to a wraparound veranda complete with BBQ, outdoor fireplace and private spa pool. The master suite sits on this level too, with a sliding door that opens directly onto the veranda and the lake beyond.

Downstairs, two king bedrooms and a bunk room with its own adjoining lounge give younger guests a space to truly call their own, alongside a family bathroom, separate WC and large laundry. Comfortably sleeping up to eight and less than a kilometre and a half from Queenstown's town centre, this is a home that balances easy family living with one of the finest lake outlooks in the area.
