

Heavenly Escape

612 Wyuna Bay Road, Coromandel, Bay of Island

5 Bedrooms | 4,5 Bathrooms | 9 Guests

From the moment you arrive at Heavenly Escape, you'll enjoy the tranquillity of this hilltop setting, spectacular uninterrupted views across Long Bay and Coromandel Harbour, and the quiet, private luxury of its eco-conscious interior. Designed by award-winning Queenstown architects, this spacious five-bedroom home offers seamless flow between the indoor and outdoor living spaces, surrounded by beautiful beaches.

The heart of the home is built for both relaxation and entertaining, with a built-in coffee machine, reclining lounge suite, and a bar stocked with complimentary drinks and wine. Each of the five ensuited bedrooms is thoughtfully designed, including a separate "kids' wing" with its own smart TV, making this an easy choice for families and larger groups.

Outside, the garage doubles as an entertainment space with a projector and beanbags for movie nights or VR gaming, while home automation and Google Home audio run throughout the property.
With so much to do, it's not uncommon for guests to stay put for days at a time — though Coromandel Town's beaches, galleries, and trails are all close by when you're ready to explore.

This is a true home away from home, perfect for an extended family getaway or a group of friends looking to enjoy the outdoor lifestyle.
