

Lakeside on Park Street

168 Park Street, Queenstown

3 Bedrooms

3.5 Bathrooms

6 Guests

Spread across three levels, this Queenstown villa is a masterclass in considered luxury, where premium finishes and panoramic lake views follow you from room to room. A private entrance opens to a generous mud room and double garage on the ground floor, while the mid level offers two king bedrooms, a family bathroom with freestanding egg bath, a fully fitted laundry and a media room with bean bags and balcony that is hard to leave. The upper level is where the home truly opens up, a sweeping open-plan kitchen, living and dining area framed by floor-to-ceiling windows that track the light from sunrise over The Remarkables to sunset towards Walter Peak. A gas fireplace, separate study, powder room and a master suite with walk-in robe and lake-facing ensuite complete a level that manages to feel both spectacular and effortlessly liveable.

Outside, a large dining and seating terrace makes the most of the elevated position, and a short walk through the garden reveals a Stoked spa pool nestled privately among the trees, perfectly placed to capture those sweeping lake views. A property that strikes the balance between adventure base and genuine sanctuary.
